SUMMARY / PROGRAM MANAGER OBJECTIVE

Highly motivated **Junior Computer Science student** with foundational expertise in **Python** and a proven ability to communicate complex ideas to diverse audiences (3 languages). Seeking a **Technical Program Manager (TPM) internship** at Google to apply analytical problem-solving and cross-functional leadership skills, driving team alignment and managing technical program lifecycles.

EDUCATION

Bachelor of Science in Computer Science

University of South Carolina | Columbia, SC *Expected Graduation:* **May 2027** | *GPA:* 3.0

- **Honors & Awards:** **Donald Russell Scholarship Recipient** (Merit-based award for high academic achievement)
- **Relevant Coursework:** Data Structures & Algorithms, Systems Programming, Software Engineering, Database Management
- **TECHNICAL PROJECTS & EXPERIENCE**

CS Project: Seven-Segment Display Counter

- **Led a 4-person** development team, defining and **assigning specific roles** to accelerate project completion and ensure all components were delivered on time.
- **Designed and developed** the counter logic, integrating individual components built by team members to create a cohesive, functional final product.
- **Utilized resource allocation** and parallel tasking to meet the project deadline efficiently, resulting in an exemplary project grade.

Physics Mini-Car Design & Build

- **Spearheaded** the design and construction of a mini-car to meet the **20-meter distance target**, leading a **3-person team** in a **one-week** timeframe.
- **Managed the project schedule** by using a phone timer to enforce strict time-boxed task completion, ensuring all phases of construction and testing remained on track.
- **Defined roles** (design, procurement, construction) for team members to ensure efficient project execution, successfully earning an **'A' grade**.

PROFESSIONAL EXPERIENCE & ANALYTICAL SKILLS

Customer Support & Analytical Assistant | C and M Appliances | Columbia, SC

September 2024 – Present

- **Supported** accounting operations by performing essential bookkeeping and resource tracking functions, improving the accuracy of financial records.
- **Communicated** technical product specifications and benefits to over **50+** weekly customers, translating complex features into clear, understandable solutions.
- **Resolved** customer issues by identifying root causes and coordinating with the service team, effectively de-escalating conflicts and ensuring prompt resolution.

LEADERSHIP & EXTRACURRICULAR INVOLVEMENT

Varsity Soccer Team Captain (Striker) | Dreher High School Men's Team

- (2 years)
- **Guided** a **24-person team** to the **State Semi-Finals**, demonstrating strong leadership and decision-making under high-pressure competitive environments.
- **Coordinated** team communication and logistics between the coaching staff and players, translating strategic goals into actionable plans for execution.
- **Mediated and resolved** team conflicts and performance issues by setting clear expectations and conducting **one-on-one check-ins**, ensuring high team morale and focus.

TECHNICAL SKILLS & COMPETENCIES

- **Programming Languages:** Python, C++, Java, SQL
- **Tools & Methodologies:** Agile/Scrum, Jira/Trello, Git/GitHub, Version Control, Data Structures
- **Languages:** English (Native), Turkish (Fluent), German (Professional Proficiency)
